RESOLUTION NO. 1193

A RESOLUTION OF THE BOARD OF COMMISSIONERS OF KING COUNTY WATER DISTRICT NO. 107, KING COUNTY, WASHINGTON, ESTABLISHING A UNIFORM SEWER GENERAL CONNECTION CHARGE FOR THE LAKE WASHINGTON BOULEVARD SEWERAGE AREA.

WHEREAS, RCW 56.08.010 authorizes the District to charge property owners seeking to connect to the District's sewerage system, as a condition to granting the right to so connect, such reasonable connection charges as the Board of Commissioners shall determine to be proper in order that such property owners shall bear their equitable share of the costs of such system; and

WHEREAS, the District has undertaken the construction of a sewer main within the District's Lake Washington Boulevard sewer service area and the District's consulting engineer, Yoshida, Inc., by oral and written report has recommended the adoption of a connection charge to the District's Lake Washington Boulevard sewer service area to be applied uniformly to all parties seeking connection to such sewer line; and the District Board of Commissioners specifically having reviewed and considered a written report and exhibits dated November 22, 1989 prepared by Yoshida, Inc.; and

WHEREAS, Yoshida, Inc., has recommended that the District (1) establish a uniform general connection charge for the Lake Washington Boulevard sewer service area for direct connection to the District's sewer lines in such area of \$66.60 per lineal front foot for property seeking connection to such sewer lines in addition to a gross per acre area charge of \$906; (2) include in such uniform general connection charge an interest charge applied from the date of construction of such sewer lines until connection, or for a period not to exceed ten (10) years, whichever is shorter, at a rate commensurate with the rate of interest applicable to the District at the time of construction or major rehabilitation of such sewer lines, or at the time of installation of such sewer lines to which the property owner is seeking to connect; and (3) review and adjust such connection charge as necessary to include financing and other costs incurred to construct all or any portion of the sewer lines related to the charges; now, therefore,

Dear Tom:

Please find enclosed a copy of the Special Connection Charge exhibits and parcel assessments. The front foot charges are calculated using a cost of \$66.60 per lineal foot, this number being based on an estimate of a reasonable cost to provide local service to the properties abutting the facility. An area charge of \$906.00 per acre was used for all properties within the benefit area.

Please let us know if you have any questions.
