

# Backflow Device Tester List

This list is provided as a courtesy to our water customers. This list does not include all certified backflow assembly testers, only those who have provided us with a copy of their certifications. Coal Creek Utility District (CCUD) does not intend for this list to be a recommendation, and does not have any control over the charges for testing or repairs of backflow assemblies. Customers are encouraged to obtain competitive bids. Additional Backflow Assembly Testers can be found at [www.wacertservices.org](http://www.wacertservices.org) under the public BAT listing. CCUD expressly disclaims any responsibility for the quality of work or any other aspect of the listed.
