OWNER'S NOTIFICATION OF DISTRICT POLICY

Owner acknowledges that the District's policy is to bill the owner directly and also acknowledges that state law provides that delinquent service charges become a charge against the owner's property.

Owner hereby acknowledges that in the event the District's utility service charges for service to the owner's property become delinquent, the District is permitted by state law to file a lien against owner's property and may foreclose said lien by court order by sale of owner's property in the event the delinquent charges are not paid.

Owner hereby acknowledges that in the event the District's utility service charges for service to owner's property are delinquent for more than sixty (60) days, the District is permitted by state law to terminate water service to owner's property.

Owner shall provide the District with owner's current mailing address. All notices regarding delinquent utility service charges, letters of intention to file lien and water termination notices shall be sent to the address provided to the District by owner and owner hereby agrees to hold District harmless for any damages resulting from owner's failure to receive District's notices if such notices are sent by the District to such address provided by owner. Owner further agrees to notify District if owner sells, transfers, or conveys owner's property or any interest therein.
